

**» TECHNICAL DATA**

Product Name	: Emergency power pack for led Panel power 40w
Input Voltage	: 220V/AC, 50/60HZ
Emergency Duration	: 90-120min
Battery Protection	: Yes
Operation Temperature	: -10°C ~ 50°C
Highest Surface Temperature	: 70°C
Battery	: 12V-5000mAh Nickel Metal hydride
Brightness	: 90%
Charging	: 48h after commissioning
Maximum power LED	: 40W
Output in Emergency	: 220-240V
Emergency/main-power emergency	: Yes
Inverter Dimensions (LxWxH, mm)	: 215x38x30 mm
Battery Dimensions (LxWxH, mm)	: Customized 254x25x50 mm
Suitable light source	: LED tube, LED panel, LED down light, Recessed Lamp, Fluorescent
Housed box	: Metal box/ Aluminum box

**» ORDERING GUIDE**

Please check with Sales Dept if Customisation is required

Model	Lamp (watt)	Battery type
EPP-LED	36W / 40W	Ni- Cd / Ni-MH

Use for LED downlight/ Panel

**IP30  
CLASS 1**
